

AMENDMENTS TO THE SPECIFICATION

In the Title:

Please delete the current title and replace it with the following title:

Stabilized Pravastatin Sodium Polymorph Compositions.

In the Specification:

Please delete paragraph [0050] and replace it with the following paragraph:

These Examples demonstrate that use of alcohol as a granulating liquid, for example absolute ethanol or aqueous ethanol, does not cause the precrystallization (conversion into another polymorph form) of pravastatin sodium in the absence of other ingredients. However, granulation with a granulating liquid comprising a binder (PVP) does in some experiments induce a partial conversion as summarized in Table 1.
